My Goals for 2020 - 2021

Are you ready to stick to your Commitment?

I _____ am trying to improve myself every day. I know that in order to achieve my goals I have to work hard every day and stay committed.....even when it is a challenge. Even if I fail along the way, I will keep trying until I achieve the goals I have set for myself.

This is my pledge to commit to my goals and to reward myself when I achieve them.
